A GROUP OF SHORTHORN MATRONS AT HOPKINS STOCK FARM

PERFORMANCE TESTED SHORTHORNS ARE SAFEST TO BUY

## **PARTIAL DISPERSION**

**Granville, Illinois, November 11, 1957**

**90 head offered in 63 Lots . . . sale to be held  
at the farm on Silverspoon Avenue**

# General Information

**LOCATION** – This sale will be held on Monday, November 11, 1957, at Hopkins Stock Farm, Granville, Putnam County, Illinois. The farm is located on Route 89, one-half mile north of the intersection of Routes 71 and 89.

**TIME** – Since this is a partial dispersion, and a large number of cattle are to be sold, the sale will start promptly at 12:00 noon, Central Standard Time. Lunch will be served at the farm by the Granville Boosters 4-H Club.

**TRANSPORTATION** – Those traveling by train should come via Rock Island Railway to Bureau or LaSalle, Illinois, both located on the main line from Chicago to Des Moines, Omaha and Denver. Trains will be met at either point if advance notice is given.

**HOTELS** – We recommend the Hotel Francis and the Kaskaskia Hotel in LaSalle, the Starved Rock Lodge in Starved Rock State Park, or the Tou-Rest Motel in Peru. All are within easy driving distance of Hopkins Stock Farm.

**SHIPPING** – The Sandberg Trucking Company of Granville, Illinois, will haul anywhere in the United States. They are experienced, reliable and courteous. We will be glad to cooperate in assembling cattle purchased in our sale with those purchased in other sales that will be held in Illinois during November.

**PLEASE NOTE** – We will be glad to hold purchases until the week of the International Live Stock Exposition, and deliver to Chicago.

**PHONE CALLS** – The telephone number at Hopkins Stock Farm is Granville 93341.

**HERD MANAGER AT HOPKINS STOCK FARM** – Gordon Maddy,  
Phone: Granville 94492.

**HAL LONGLEY, Sale Manager**

16 So. Locust St.

Aurora, Illinois

*We like visitors at Hopkins Stock Farm. Why not join us on November 11?*

## WELCOME TO HOPKINS STOCK FARM

This catalog is a cordial invitation and, we hope, will be an incentive for you to attend our November 11th sale. The type and character of this offering is quite different than I would have contemplated a year ago, but, as was so aptly stated by our beloved Scotch poet, Robert Burns: "The best laid schemes o' mice an' men gang aft a gley."

You are being offered the best cattle from a herd we have been consistently improving over the past fifteen years. In this, as most of you know, I have been ably assisted during the past ten years by the capable services of Gordon Maddy. These cattle are the results of our efforts to acquire high quality cattle at moderate costs — cattle which would be sure to produce superior type Shorthorns, and that could be purchased by breeders and farm producers with assurance that they would be profitable. This has, perhaps, been our major goal.

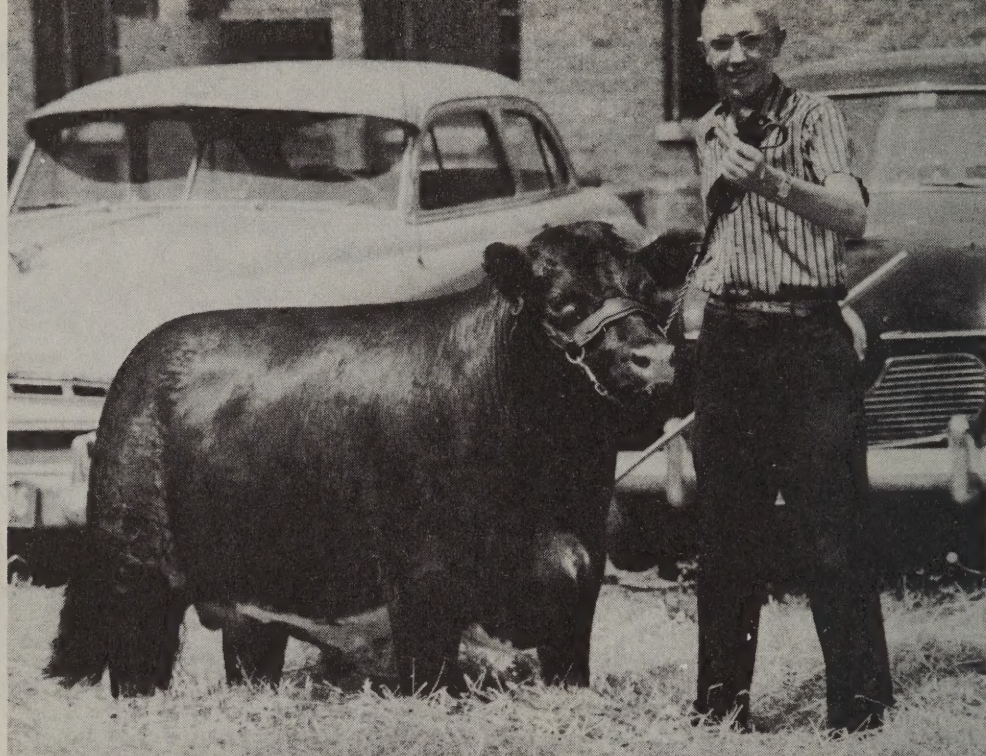

It goes without saying that I make this offering with considerable regret. These cattle were carefully selected, and they have the breeding and the production records which we have attained through much sorting and culling. It had been my aim to continue to build on this foundation for years to come. I am retaining a small group of cattle for I do not want to be without Shorthorns, and I am happy that my boys are indicating a growing interest in them.

We have limited our footnotes to facts and simple descriptions of the animals being sold. We have confidence that the cattle will speak for themselves, and that they will do well for their new owners. I am looking forward to greeting you at the farm on sale day, and any who can come on the previous day for a more leisurely visit, and to inspect the herd, will be most welcome. We will be happy to arrange over-night accommodations near the farm for any who request them.

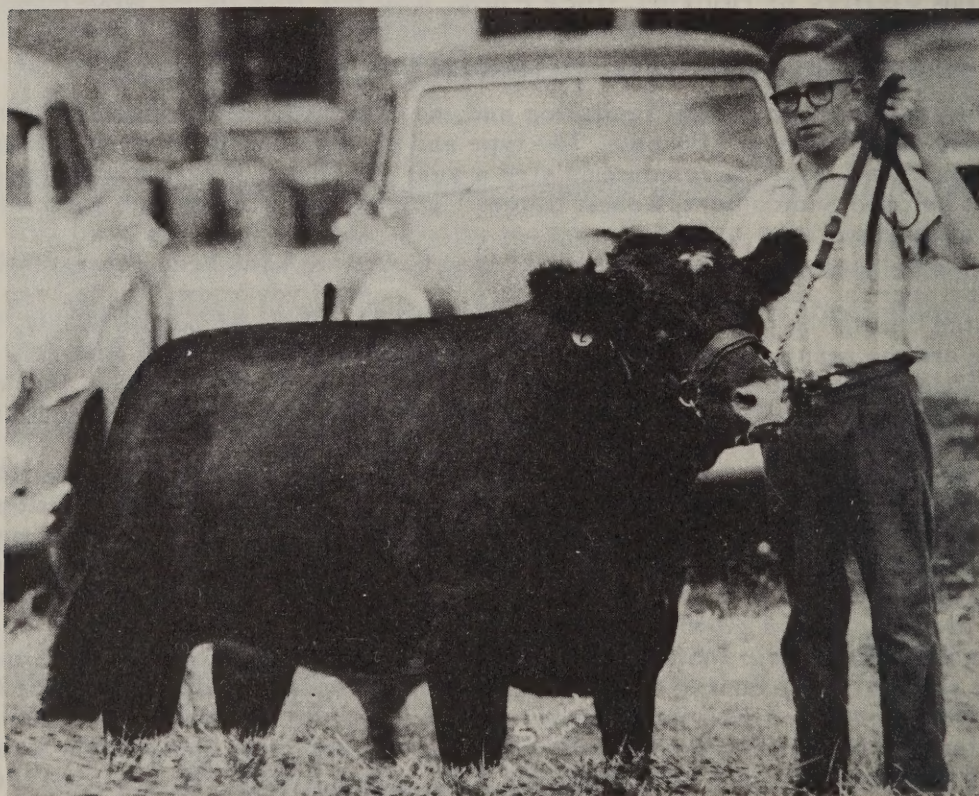

With best wishes to you all,

Sincerely yours,  
JOEL W. HOPKINS

Tommie Hopkins and his great steer Crusader, a son of M V Lucky Bonspiel, out of a daughter of Britomac Edwin. Crusader was named grand champion Shorthorn steer in the open show at the 1957 Illinois State Fair. Following the show, Crusader was purchased privately by Herman Purdy for Pennsylvania State University.

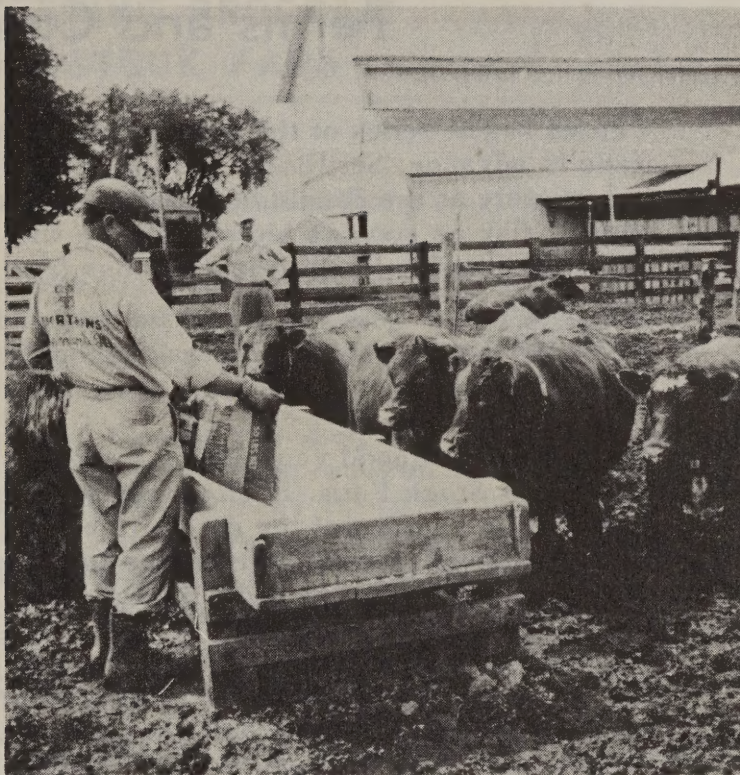

Archie Hopkins and his 4-H Club steer Jim Dandy, sired by M V Lucky Bonspiel. He was reserve grand champion over all breeds at the 1957 Marshall Putnam 4-H Club Show, being defeated only by his brother, Tommie Hopkins with the steer Crusader. The dam of Jim Dandy is Edellyn Orange Blossom 83rd, Lot 32 in this sale.

**PRIME BEEF... ALWAYS THE AIM AT HOPKINS STOCK FARM**

Gordon Maddy, herd manager at Hopkins Stock Farm, pours feed into the trough for a group of outstanding heifers.

Never in the history of man has the progress of science, industry and agriculture been so rapid. We are constantly faced with efficiency problems. The foundation for efficiency in agriculture is the production of seed stock. It is a well known fact that the beef industry has been slow to grasp the need and do something tangible about efficient beef production.

We at Hopkins Stock Farm feel that we took a step in the right direction when we started our performance testing program. We have shown enough champions and prize winners to establish the fact that our cattle are of acceptable type and character.

It is unfortunate that Mr. Hopkins must reduce the size of his herd at the present time. However, it is an opportunity for those who wish to buy cattle with performance records.

Within fifteen years, or less, performance will be the password in the beef industry. If I were to leave any thought with Shorthorn breeders, it would be this: Don't let any breed of cattle steal your slogan "Best In Every Weigh."

Today is the foundation of tomorrow. Now is the time to get your house in order. When you buy replacement stock, get all the quality you can with a performance record to back it up.

We will look forward to seeing you November 11th.

Sincerely yours,

W. GORDON MADDY

## Terms and Conditions

**TERMS** – The terms of the sale are cash unless other arrangements are made in advance. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off, but we will assist in loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE** – The cattle will be sold under the Standard Guarantee of the American Shorthorn Breeders' Association, which is printed on one of the back pages of this catalog.

**HEALTH** – Calfhood vaccination for Bangs Disease is practiced regularly at Hopkins Stock Farm. Each animal will be tested for Bangs and Tuberculosis within 30 days of the date of the sale. A 60-day Tuberculin retest will be allowed. Health certificates furnished on sale day will be evidence of a clean health record and will enable the cattle to be transported properly.

**BREEDING DATES** – A good many breeding dates are printed in this catalog, and we believe them to be correct as of the time of printing. However, breeding dates do change, and we want it expressly understood that announcements from the auction block on sale day will take precedence over printed matter in this catalog. A liberal number of the younger heifers are selling open.

**LIABILITY** – The above guarantee, terms and conditions, shall constitute a contract between the consignor and buyer of each lot. The sale manager was retained for the specific tasks of handling the publicity, preparing the catalog and dispersing the receipts. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

We will not be responsible for any accidents that may occur to those who attend this sale, but will make every effort to provide for the safety and comfort of guests.

Where footnotes appear in this catalog, they were furnished by the owners.

**INQUIRIES ABOUT CATTLE LISTED** – The sale manager will gladly answer, to the best of his ability, any questions which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 So. Locust St., Aurora, Ill.

**MAIL ORDERS** – Those unable to be present, and who wish to do so, may send buying orders to any of the following reliable men, all of whom will be in attendance: Hal Longley, The Shorthorn World, Aurora, Ill.; Don Longley, The Shorthorn World, Aurora, Ill.; Allan C. Atlason, American Shorthorn Breeders' Ass'n, Union Stockyards, Chicago 9, Ill.; Darrel Overholt, The Drovers Journal, Chicago, Ill.

**AUCTIONEERS** – C. D. Swaffar and H. P. Miller, Danvers, Illinois.

## THE PERFORMANCE TESTING PROGRAM AT HOPKINS STOCK FARM . . .

--- A Performance Testing Program at Hopkins Stock Farm . . .

Because we believe there is more to producing top cattle for profit than readily meets the eye, we have been doing some weighing for the past two years. The results have been helpful to us and we are passing them on in the hope they will also be helpful to you.

Since our calves are coming at all times of the year, we weigh three times each year in order to keep them weighed within the required age limits for weaning. On October 1st all Junior calves (January 1st to April 30th) are weighed, and weights adjusted to 215 days. "Adjusted weight" means taking everything into consideration to give each calf a fair, comparable weight. Variations are allowed for sex of the calf, age at weaning, and the age of the dam. The actual weights recorded at this time are the "on test" weights used for our feed lot gain test.

One hundred twenty days later, February 1st, these calves are weighed again to conclude their feed lot test. On this same date the calves that were dropped from May 1st to August 30th are weighed in for their weaning weight and the beginning of their feed lot test, which is concluded June 1st. At this time the Senior calves (September 1st to December 31st) are weighed in and started on test, this concluding test to be October 1st.

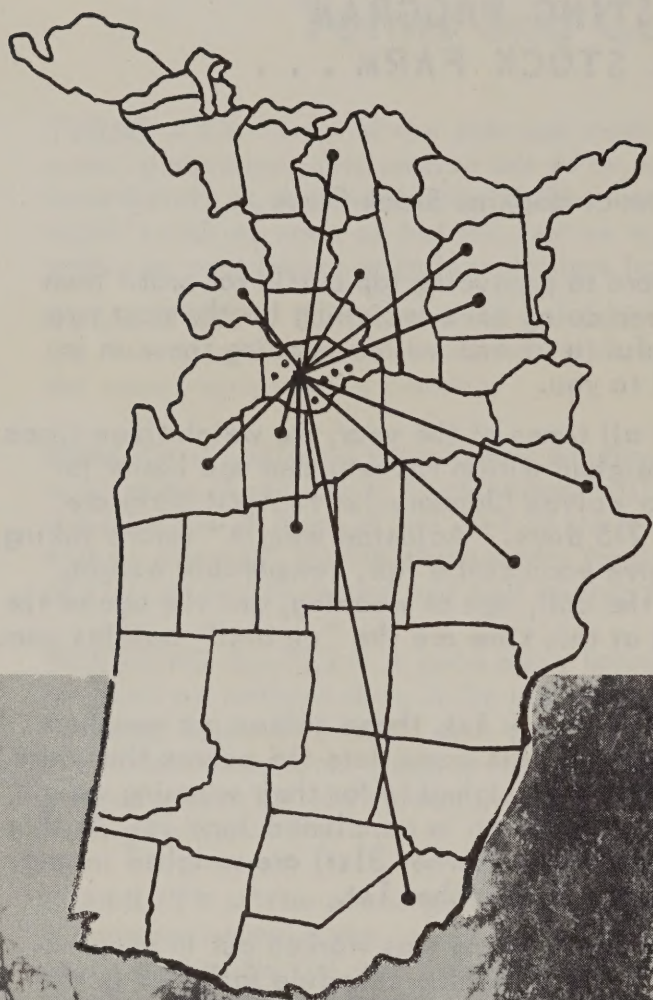

Our plan and method for performance-testing was worked out in cooperation with the University of Illinois. The weighing schedule followed is the one we believe most suitable for producers of purebred cattle. All weighing-in is done by the County Extension Director. Weights are analyzed and adjusted by the University of Illinois College of Agriculture. The calves are graded by a committee of three stockmen.

Performance-testing to us not only means greater weight for age, but a constant check on the production of our cows, their milking ability, their prolificacy, and their ability to produce the right type. We endeavor to produce these fast-gaining calves without excessive fat, thus developing the much desired red meat type. Shorthorn bulls of the right type, that are proved to be fast-gaining bulls will produce calves of the right conformation with a 215-day weight of 550 to 600 pounds. This we think is difficult for other breeds to match, and will further substantiate the famous Shorthorn slogan "Best in Every Weigh." We do not hesitate to steer a fast-gaining bull if he does not grade Choice or Fancy.

We are proud of the performance-testing records of animals being offered, which are noted in footnotes.

What does all this mean? Simply this: The appearance of an animal tells you what he looks like. His pedigree tells you what he should be. But only his performance-test tells you what he really is!

**Hopkins Shorthorn**  
Quality Is  
Recognized  
Nationally

**YOU CAN BUY THIS KIND IN THE HOPKINS STOCK FARM SALE.**  
Joel Hopkins is selling three-fourths of his entire herd in this semi-dispersion.

## **A Word from the Sale Manager**

When a man is as much in love with the cattle business as Joel Hopkins, there must be a vital reason for even a partial withdrawal from this occupation. Although no mention will be made elsewhere in this catalog, I believe it is only right that prospective buyers should know the real reason for this semi-dispersion. Most breeders who read this statement are aware that Joel suffered a severe accident last year that left him partially disabled. As a result, he has found it necessary to completely revamp his farming and cattle program. A partial dispersion will be held on November 11th and approximately three-fourths of the entire herd will be sold. The offering will contain 37 cows with 23 calves at foot, 14 bred and open heifers, 11 promising young bulls and one tried herd sire. Already one of the best herds in Illinois, this became one of the nation's largest and strongest when Joel Hopkins purchased the entire Red Gate Herd a few years ago. Quality is very high, the best imported bloodlines are represented, and a performance testing program makes this one of the safest places to buy.

No two people in the business are greater believers in good Shorthorns than Joel Hopkins, owner, and Gordon Maddy, manager of Hopkins Stock Farm. No cattle have performed better for buyers than those produced at Hopkins Stock Farm. Joel Hopkins will not retire from the business. He will maintain a small herd. Being a partial dispersion, the sale will provide unusual buying opportunities. With perfect faith in his cattle, the owner has agreed to sell them fully covered by breeding guarantees.

Joel Hopkins has more friends in the Shorthorn business than most any man within my acquaintance, friends acquired through honest dealings and the production of cattle that have performed profitably for those who have bought them. Never before has he offered better individuals or stronger pedigrees than those included in this sale. It is my sincere hope that they will be appreciated.

**HAL LONGLEY**

MV LUCKY BONSPIEL -- He was one of the few bulls in the Shorthorn breed that won his class at two consecutive International Shows and, in addition, was Reserve Junior Champion in 1953, and Reserve Grand Champion in 1954. His first calf, Silverspoon Autocrat, was the top bull in our sale last year. The first steers by him were Crusader and Jim Dandy, shown by Tommy and Archie Hopkins to Grand and Reserve Grand Champion Steers at the 1957 Marshall-Putnam 4-H Fair. Crusader went on to become Champion Shorthorn Steer at the 1957 Illinois State Fair and is now owned by Pennsylvania State University, who will show him at the winter shows. The calves by MV Lucky Bonspiel have been good gainers, having an average weaning weight of 511 pounds. Five sons and five daughters sell in this sale. They have excellent heads, and are definitely meat type cattle, very strong in the loin, ribs and quarter.

BRITOMAC EDWIN

Herd Bull (For Reference Only)

Lady Dorothy 56th -248903-  
Roan, J. M. Gardhouse

BRITOMAC EDWIN -- The influence of Britomac Edwin in this herd is well known. He was an extremely well fleshed bull and passed on to his progeny the good-doing ability that made them favorites in the show ring and auctions. The four champions that were shown by Hopkins Stock Farm this summer trace directly to Britomac Edwin. One of his daughters was the dam of Crusader, the Champion Shorthorn Steer in the open show at the 1957 Illinois State Fair. The Champion and Reserve Champion Female and the Reserve Champion Bull at the 1957 West Central Illinois Sale at Princeton were by Argen Souvenir (who sells in this sale), a son of Britomac Edwin. His daughters have all been near the top of our performance-testing program, and Argen Souvenir has passed the progeny test with flying colors. His calves, bulls and heifers, have an average weaning weight of 545 pounds, and his sons have an average rate of gain of 2.38 pounds per day. This kind of performance is too often overlooked.

CALROSSIE ROSEWOOD FORTRESS -- This bull was acquired by us with the purchase of the Red Gate herd. The story of this fabulous pedigree has been told many times and we will not retell it here. He was purchased at Perth by Mr. Kilcawley for \$10,000, after winning Reserve Junior Championship. His merit is proven through the fine records being made by his daughters in our herd. Many of them sell in this sale, and they will prove their value many times. They are always attractive, deep and smooth, with the ability to bring their calves along to a top weaning weight. A son of Calrossie Rosewood Fortress, Argen Charger, will be retained as our chief stock bull. Several of Argen Charger's calves will be sold at foot sale day, and several cows will carry his service.

and here is a young bull that we are holding back for use in our own herd. His first calves are here and they are great. Be sure to see them on sale day.

Herd Bull (For Reference Only)

ARGEN CHARGER -- Here we have pedigree, quality and performance in one package. Every bull in his pedigree has made an outstanding record in Scotland. His sire, Calrossie Rosewood Fortress, was brought to this country by Mr. Kilcawley, and was purchased by us with the Red Gate herd. His dam, Corrimony Sweet Ivy, was one of the most valuable cows we purchased in the same herd. Argen Charger was the first calf she produced for us and he looked good from the day he was born. He developed rapidly into a bull that is deep, thick, has a bulging quarter and a very masculine head with lots of character. He made the remarkable gain of 3.14 pounds per day on the feed lot test. Because of these qualities we have elected to retain him as our chief stock bull. His first three calves are all tops. There will be more by sale day which you can judge for yourself. Many of the cows selling in this sale carry his valuable service.

THIS PROVEN SIRE OF PRIZE-WINNING CALVES  
WILL SELL IN THIS SALE

## Some Facts About Argen Souvenir

After much thought and careful consideration, we have decided to sell Argen Souvenir in this sale. He was retained as a stock bull to replace his illustrious sire, Britomac Edwin, whose record as a breeder of champions is well known. Argen Souvenir literally worked his way to the top of our breeding program. He was used at first only on a limited number of cows, and this was primarily line-breeding. Then we mated him to some of our best cows that were an extreme out cross. The results were highly satisfactory.

About this time we started our performance testing. With only a few calves in the first tests, it was obvious that Argen Souvenir's were good doers. We began to use him more freely, and our only regret was that we had not done so earlier. His first two daughters and his first son to be offered for sale won Champion and Reserve Champion Females, and Reserve Champion Bull at the 1957 West Central Illinois Shorthorn Breeders' Association Sale. Three head by Argen Souvenir, and all Champions! This record, certainly, has seldom, if ever, been equalled at one sale by one exhibitor with the get of one bull, and this in itself exemplifies the quality and uniformity of the calves by Argen Souvenir. We can honestly say that he is a proven sire.

The ultimate aim of the cattle industry is beef by the pound. We are proud, indeed, of the performance of the calves by Argen Souvenir. His calves, in 1955 and 1956, have had an average weaning weight of 535 pounds at 215 days. This, of course, is not only a credit to him, but to the cows mated to him. However, our records show that you can increase the weaning weight of a cow's calf 100 pounds by mating her to the right bull.

Consider this bull carefully. His pedigree is right — Millhills Jasper, Royal Edwin, Calrossie Victorious, Craggleton Adjuster, Britomac Jasper, Burnton Victory, the Lady Dorothis, Nonpareil Gem, and last, but by far from the least, the Rosebuds, that have produced many prize winners.

Here you have character, quality and performance in a proven stock bull. Seldom are they offered for sale, but when they are, it is the wise buyer's opportunity.

Red, F. S. Davidson

ARGEN METEOR -- A son of M V Lucky Bonspiel out of R G Princess by Pittodrie Upright. This is a power-packed pedigree and a bull with character and conformation. His weaning weight was 560 pounds. He is very strong in the loin and quarter where beef is most valuable. Had we held this herd intact this youngster was slated for service next summer. He is definitely a "meat type" bull. We recommend him to you without qualification.

Lot 4

ARGEN DYNAMIC 2913-276 LE 433

ARGEN FUTURAMIC -- This young bull is out of Kair Flower that sells as lot 15 in this sale. He is deep and thick with a very strong head. We can recommend this combination of bloodlines very highly. The sons of Argen Souvenir from top cows, such as this, would be a safe bet for anyone, especially those planning a performance testing program. This calf had a weaning weight of 590 pounds, and his rate of gain on the feed lot test will be available sale day.

ARGEN LAN-BAR-NIR -- This calf has been outstanding since the day he was born. His dam, Marellbar Lancaster 10th is by the \$22,500 Cruggleton Purvis. His sire, Argen Souvenir, is our top performing herd bull. This is a pedigree that is loaded with quality, and a calf that is deep, thick and rugged, an excellent dark red. He could be a prize winner in next year's shows. If you need a Junior yearling to fill your show string, and want to develop a herd bull, this is an excellent opportunity. His half-sister, HSF Lancaster, also sells. We will have his weaning weight available sale day.

# HOPKINS STOCK FARM PARTIAL DISPERSION

This is the famous Rosebud family in the Hopkins herd. The cow at the left is Venetia Rosebud 2nd that sells as Lot 12. The cow at the right is HSF Rosebud 2nd that sells as Lot 13. Also selling in this sale is HSF Rosebud 4th, Lot 14, and one of her daughters, Lot 53.

Lot 12

VENETIA ROSEBUD 2d -- This daughter of Cruggleton Adjuster is another one of the cows that become available only at dispersions. She has produced many of the top cattle that we have sold, and is the grandmother of Argen Souvenir, our top performance testing sire. She is the dam of Tommy Hopkins' show heifer, HSF Rosebud 3rd, who was champion female of the Junior Show at Springfield in 1954, and champion at many local and district Fairs. She was second prize Summer Yearling at 1953 International, and with MV Lucky Bonspiel was first prize pair of yearlings. Venetia Rosebud 2nd has produced eight live calves for us and is still in excellent condition. Her 1955 calf weaned at 538 pounds, and gained 2.41 on our performance test. This is an unusually good record. She is due to calve October 14th to service of Argen Souvenir.

KAIR FLOWER -- This cow would only be sold in a dispersion. She produced one of the top heifers in our sale in 1955, and we were persuaded to sell her second calf to Loren Hartwig of Olin, Iowa, who showed it to Reserve Junior Champion in the Shorthorn Steer Show at the 1956 International. Her third calf, Argen Futuramic, sells as a separate lot in this sale, and is an outstanding herd bull prospect. KAIR FLOWER is a daughter of the famous Corrimony Golden Sovereign, whose get averaged \$2,925 in the 1953 Mathers' sale, and she is out of a dam by Calrossie Fearless. The four bulls in the fourth generation of her pedigree were all top bulls. Her performance testing record is excellent. In 1955 and 1956 her two calves weaned with a combined weight of 1047. She is an excellent type, deep, thick, rugged, and with a very broody head. She will have a calf at side by sale time to the service of Argen Charger.

Lot 16

BAPTON CROCUS 61st 2394447 (277274)

Bapton Crocus 7th (95199)  
Roan, C. H. E. Chubb

BAPTON CROCUS 61st -- This cow adheres strongly to her illustrious forebears. She was imported by Sni-A-Bar Farms and is a member of one of the most closely held families in the Bapton herd. They have produced many of the top selling bulls at Perth. Her June calf was unfortunately strangled at birth in a freak accident. She is pasture bred to Argen Souvenir. Her 1956 bull calf brought \$500 at eleven months of age at the 1957 Illinois State sale. One calf could more than pay for this cow.

The Sweet Ivy family in the Hopkins herd. All of them trace to the imported cow Corrimony Sweet Ivy by Bapton Uprise. Two members of this wonderful family sell in this sale. See Lots 17 and 52.

RED GATE IVY DURA -- This is the first daughter of Cor. Sweet Ivy by Glassell Dura. This family was another very closely held by the Kilcawleys and only one of the daughters out of Cor. Sweet Ivy was sold - and this one - for \$2,000 to Macklyn Plantation in Ga. She was resold in their dispersion for \$1,200. Note the strength in this pedigree and the quality of the Sweet Ivy cattle you will find in this sale. She is due to calve in January to service of Argen Charger.

Cows that have never been priced to anyone will be sold in this partial dispersion.  
The above picture, taken at Hopkins Stock Farm, shows you the kind.

Please note that there are 37 cows in this sale. These are the cows that Joel Hopkins has steadfastly refused to price, and that would not be available now under other circumstances. The pedigrees are strong, they are excellent individuals, over 20 of them have calves at foot, and each has an enviable production record.

## THERE NEVER WAS A BETTER TIME TO BUY SHORTHORN FEMALES

and this sale is certainly filled to the brim with the richly bred kind.

*Our footnotes are not elaborate. We have tried to point to some of the most pertinent facts only. The optimist says the glass is half full. The pessimist says it is half empty. The realist notes that neither statement changes the contents of the glass. We hope you will attend this sale and inspect these cattle carefully, and be your own judge.*

MILLGATE BROADHOOKS 17th, photo taken in yearling form. She will sell in this sale with a bull calf at foot, as Lot 17.

MILLGATE BROADHOOKS 17th -- A daughter of the famous Ed. Royal Leader 43d out of a dam by Ed. Royal Leader 8th. She sells with a May 26th bull calf at side. This cow has produced well and although one of her calves was sold before being weight tested, a heifer calf weighed 455 pounds at the 215-day weaning weight.

The Princess Royal family in the Hopkins Herd. At the left is Red Gate Royal Rosewood that sells as Lot 21. Next to her is Strowan Princess Royal that sells as Lot 19. At the extreme right is Red Gate Rosewood Lady whose dam, Red Gate Princess, sells as Lot 20. Two more members of this famous family, not shown in this picture, will also sell.

R. G. PRINCESS -- This is one of the best cows in our Princess Royal family, by a daughter of the famous Pittodrie Upright and out of a cow by Mercury's Goldfinder. This was truly one of the greatest families in the Kilcawley herd and Argen Meteor, a bull that sells in this sale, is an excellent example of her production. She is one we highly recommend for a foundation cow. Her last calf weaned at 560 pounds and his rate of gain weight will be available sale day. She will calve before sale day to the service of Argen Souvenir.

RG PAULINE FORTRESS -- A daughter of Calrossie Rosewood Fortress from the famous Cluny Pauline family. She has been a good producer, one of her heifers being top heifer in our 1955 sale, selling to Prescott Down & Son. Her 1950 bull calf, Argen Factor, sells in this sale. She sells with a June 9th red heifer calf at foot by MV Lucky Bonspiel. Argen Factor, her 1956 calf, weaned at 495 pounds and gained 2.38 pounds per day on the feed lot test. She certainly has done well for us, and she would not be sold except in a dispersion of this kind. She will be rebred to Argen Souvenir.

The get of Britomac Edwin. They stood sixth in a class of sixteen entries in the 1953 International Live Stock Show. Many descendants of Britomac Edwin sell in this sale.

## The Hopkins type is the

The first prize pair of yearlings at the 1953 International Live Stock Exposition, exhibited by Hopkins Stock Farm. M V Lucky Bonspiel, first prize summer yearling and reserve junior champion bull, and HSF Rosebud 3rd, second prize summer yearling heifer.

HSF Emma, another picture that demonstrates the Hopkins type. This heifer was purchased in the International Congress sale by Emmett Conness, Streator, Illinois, at \$650.

The rear view of the get of Britomac Edwin, proof positive that his calves are good from every angle. His calves will be a feature of this sale.

# type all good cowmen like

This is the Hopkins type. Aren't they sweet? The heifer on the left topped our 1955 sale. Her imported dam, Kair Flower, sells in this sale as Lot 15.

HSF Rosebud 3rd, second prize winner in the open class at Chicago, and champion Shorthorn heifer in the junior show at the Illinois State Fair. Her dam sells as Lot 12, and three female members of the same family sell as Lots 13, 14, and 53.

# HOPKINS STOCK FARM PARTIAL DISPERSION

HSF CONSTANCE 4th, top heifer in our 1954 sale, purchased by Elcona Farms, Elkhart, Indiana. Her dam sells in this sale as Lot 24.

HSF CONSTANCE -- This daughter of Edellyn Royal Leader 8th has produced many of our top selling cattle, one of them being the top heifer in our sale of 1955, HSF Constance 4th, that sold to Elcona Farms at Elkhart, Indiana. She is now in the Carus herd at Peru, and is producing some of their better cattle. Her 1956 calf was sold as a steer before being performance tested, but all of her calves have been excellent individuals, and we are sure that she would pass the performance test. She sells with a June 13th red bull calf by MV Lucky Bonspiel, and is rebred to Argon Souvenir.

MILLGATE NELL. This heifer sold to Acadia Farms at \$900. She is a daughter of Fair Acres Nell 16th that sells in this sale as Lot 25.

FAIRACRES NELL 16th -- This cow was purchased at the Millgate dispersion, and has produced some good calves for us. She is due to calve in January to Argen Charger, and her 1956 heifer calf sells as a separate lot. Note that she is a daughter of Achtoi's Field Marshal, the bull that made such a fine record in the R. C. Boeger herd in Missouri. In our 1956 and 1957 performance testing, this cow is above the average. Her two heifer calves had a combined weaning weight of 1,000 pounds. We find this an unusually good weight for heifer calves.

# HOPKINS STOCK FARM PARTIAL DISPERSION

SPORTSMAN'S AUGUSTA OF R G -- This beautiful daughter of Calrossie Sportsman has been a very prolific cow, producing five heifer calves to date. She was considered the most valuable cow in the Red Gate herd at the time we purchased them. Her calves have been very well accepted when offered for sale, the most recent being the Reserve Champion Heifer of the 1957 West Central Illinois sale in Princeton. This heifer was purchased by Marellbar Farms, Libertyville, Illinois. Her breeding is indeed superior, and much of her useful life is ahead of her. She sells with a June 16th red heifer calf at foot by Argen Souvenir and is rebred to Argen Souvenir.

# HOPKINS STOCK FARM PARTIAL DISPERSION

Roan, Blotz Bros.

ELCONA CRIMSON MAY -- This is an excellent cow from the standpoint of pedigree, individuality and performance, and is the kind one can't say enough good things about. This family produced many of the top sellers in the Elcona herd. We are selling one daughter, one granddaughter, and one great granddaughter in this sale. Don't fail to inspect this entire family. Her bull calf, Argen Brigadier, sells as a separate lot, and she will calve to Argen Charger in January.

Lot 29

RED GATE CRIMSON MAY 2717-332 LE K17

Female

Red, white marks, calved Oct. 29, 1952. Bred by W. H. Kilcawley, Canfield, Ohio. Owned by Joel W. Hopkins, Granville, Illinois.

RED GATE CRIMSON MAY -- We have called your attention in the footnote of Elcona Crimson May to this highly regarded Crimson May family. We would like to emphasize that here again such a grand individual would not be available other than in a dispersion sale. Her first daughter went to Rex Johnson of Beloit, Wisconsin, and was champion at many shows. This calf was sold at six weeks of age and did not get a performance test, but her 1956 heifer, HSF Crimson May, which is selling in this sale as lot 49, weaned at 545 pounds, and we believe that Red Gate Crimson May will be an excellent addition to any herd.

Lot 30

MILLGATE CARNATION 2516787 LE 7701 RE GWR

MILLGATE CARNATION -- This excellent foundation cow was purchased in the 1954 Millgate Dispersion. She had produced some top bull calves in our herd. She is from the Carnation family that did so well for the Curtiss Candy Co. She is a fine individual with an outstanding pedigree and would be a commendable addition to any herd. She is due to calve in January to service of Argen Charger.

# HOPKINS STOCK FARM PARTIAL DISPERSION

MISSIE 237th -- This heifer was one of the top heifers in the West Central Illinois sale when we purchased her in 1954. We had the misfortune of losing her first calf, but she is a heifer with an excellent head and is a very fine type and breeding. She is due to calve February, 1958 to Argen Souvenir.

# HOPKINS STOCK FARM PARTIAL DISPERSION

LEVELDALE NEWS FLASH, International reserve junior champion bull. He is the sire of Lot 42 in this sale.

LANE VIEW GYPSY MAID 3d -- We purchased this heifer as a baby calf in the Struve sale in 1954. Note that she is from the Gypsy Maid family that produced so many show winners for the Struves. This cow has already proved her ability to produce champions. Her first calf, Argen Gypsy Chief, was the Reserve Champion bull at the recent West Central Illinois sale. His weaning weight was 560 and his rate of gain was 2.67. This is what we call quality plus. She sells with a June 27 roan bull calf by Argen Souvenir and will be rebred to Argen Souvenir.

HSF LANCASTER -- This heifer would not be for sale except in a dispersion of this kind. Along with being a top individual she had a weaning weight of 600 pounds. You will recall that members of this Lancaster family are always among the top sellers at the Marellbar sales. Her sire, Kair Martinet, was sold in the 1955 Marellbar sale to the Browns of Kentucky, where he sired a bull that was recently made Reserve Junior Champion at the Kentucky State Fair. Top sellers, we have found, are not always top producers, and those that are should be highly regarded by Shorthorn breeders. We recommend this heifer very highly. She will calve in February to Argen Charger.

Lot 51

Susanna Dorothy 2d 1931889  
Roan, Anoka Farm

SUSANNA'S DOROTHY 16th -- A daughter of the International Champion M V Lucky Bonspiel from the Susanna Dorothy family that has done so well for Susanna Farms. Here is an opportunity to buy an extremely well bred heifer that should make a very valuable brood cow. She had a weaning weight of 490 pounds. She will calve February 1st to the service of Argen Charger.

RED GATE ROSEWOOD IVY. This beautiful heifer was purchased at \$2,000 by Maclyn Plantation in Georgia. She is out of the same dam as Lots 17 and 52.

## **A Word about the Open Heifers**

The twelve open heifers listed on the following pages were intended to be retained for herd replacement. We had set a standard for such heifers of a weaning weight of over 500 pounds. You will note there is only one heifer listed under that weight, and we will tell you why in her footnote. This is an unusually uniform and high quality group of heifers.

Miss Ransom -286452-  
Red, A. P. Hart

HSF PRINCESS ROYAL 2nd -- A member of the famous Princess Royal family. She is a daughter of the old Elmhurst Princess Royal cow, and of Argen Souvenir. Her weaning weight was 465 pounds. This is below the standard 500 pounds we had set as our minimum, but we believed her lower weaning weight primarily due to the advanced age and poor condition of her dam (who had to be shipped shortly after this heifer was weaned) rather than to the inherent production characteristics of the family. We gave this heifer the benefit of the doubt on her weaning weight because we believed she appeared to have great promise and would be a credit to the Princess Royal family.

Roan, F. W. Retzlaff & Son

HSF GOLDEN CHAIN -- This a daughter of MV Luck Bonspiel, Internat'l Reserve Champion. She is a very typy heifer, very smooth, with an excellent head. The Retzlaff Golden Chains are known far and wide for their quality and commendable records. This heifer weaned at 520 pounds. We predict a fine future for this sweet heifer.

A trio of sweet heifers produced in the Hopkins Herd. Many of the same kind will sell in this sale.

HSF ORANGE MAID 7th -- A very stylish daughter of M V Lucky Bonspiel with a most pleasing head and lots of character. You will note that she is out of a daughter by Britomac Edwin. This is the cross that we were confident would work well and it is proved a correct hunch. Remember, this Orange Maid family has been a consistently top producing one for us. She has a weaning weight of 520 lbs.

HSF ORANGE LADY 5th -- Another Britomac Edwin-MV Lucky Bonspiel cross. This Orange Lady family is very highly regarded by everyone who owns them because they are superb. You will like the style and character of this young lady. She is unusually smooth and deep with a typical brood cow head. Her weaning weight was 525 pounds.

A winter scene at Hopkins Stock Farm. At the left is HSF HELEN whose half-sister sells as Lot 34. At the right is HSF ROSEBUD who has three half-sisters that sell as Lots 13, 14, and 53. These two heifers stood first and second in class at the 1953 International.

HSF NONPAREIL -- A daughter of Aldie Chief Adonis that has sired many top cattle in the Wernicke herd, including the Champion bull in the 1957 Ill. State Sale. She is out of a cow by the noted Anoka Sportsman. This combination of blood lines has proven very satisfactory. She has a weaning weight of 575 pounds. This is a most creditable weight indicating the excellence of this heifer as a foundation female prospect.

HSF NANCY BROADHOOKS 2d -- A top daughter of Argen Souvenir from Leveldale Broadhooks 8th by Aldie Mainliner. This is a uterine sister to the top heifer in our 1956 sale, Nancy Broadhooks, that sold to Emmett Conness of Streator, Ill., for \$750.00. This heifer is very attractive and would be a credit to any herd. Leveldale Broadhooks 8th has been high in our performance testing program. We will have the weaning weight on this heifer by sale day.

HSF CLARA 5th--Don Hill Clara has made the best record in our performance testing program. Her calves in the two years of performance testing have had a total weight of 1200 pounds. She is from the Maxw. Clara family that produced top cattle in the Don Hill, Ringwell and Teegardin herds. Note that she is a daughter of Argen Souvenir and his daughters have done well for all who own them. Her weaning weight was 670 pounds and this speaks for itself.

# **Standard Guarantee**

## **OF**

### **AMERICAN SHORTHORN BREEDERS**

### **ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

# Don't Wait for Age

YOU CAN BE SURE TO GET
